Les Terres Froides

Chardonnay ~ IGP Pays d'Oc

CLIMATS LOUIS MAX

The term „Climat,“ used in Burgundy, defines a parcel of vineyard with a unique terroir. Climats represent the excellence of the great wines of France. Maison Louis Max produces great wines since 1859. Over time we have extended our expertise and domaines to the South of France. This has been instrumental in helping us to seek out unique terroirs, where it is possible to grow and vinify high quality Pinot Noirs and Chardonnays.

LES TERRES FROIDES

The vines grow on a relatively steep slope of deep limestone-clay soil, facing North-West and North-East. The vineyard is protected by the surrounding peaks that rise to 600m altitude. Thus the grapes maturation is a gentle one, allowing us to obtain perfect maturity at the end of September, without a loss of acidity or freshness.
