

JOHN KOSOVICH

2010 AUTUMN HARVEST SEMILLON VERDELHO

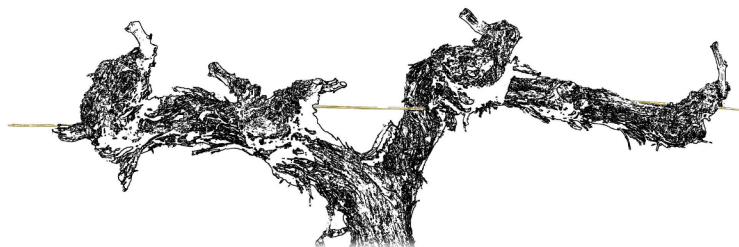

Variety: 60% Semillon, 40% Verdelho
Region: Swan Valley, Western Australia
Bottled: September 2010
Alc.: 11%
PH: 3.45
Oak: 25% new French oak for 6 months

WINEMAKERS NOTES

The grapes for this dessert wine were hand harvested from our Swan vineyard at high sugar levels of 19 degrees baume then fermented in stainless steel tanks. The wine was carefully watched until the desired balance between alcohol, flavour, residual sugar and acid was achieved. To further enhance the complexity of the wine a portion was aged in French oak casks.

TASTING NOTES

Lovely notes of apricot, honey and toast on the nose is supported by great fruit weight in the middle and right through to the end palate on the wine. The wine is showing great complexity and is well supported by a fine and refreshing acid balance. The palate is free from any cloying sweetness. A perfect match for any dessert, in particular cold dishes.
