

JOHN KOSOVICH

CHENIN BLANC 2014

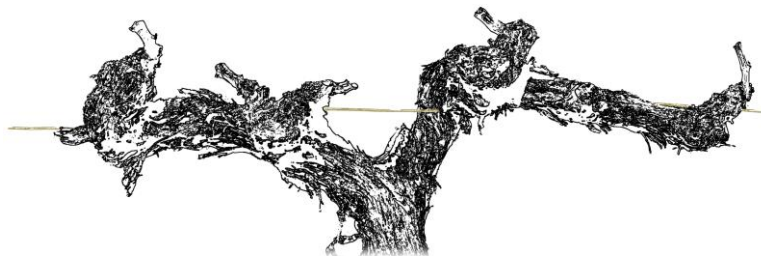

VARIETY : 100% Chenin
REGION : 100% Swan Valley
ALCOHOL : 13%
P.H. : 3.30
BOTTLED : November 2014

WINEMAKERS NOTES

The fruit for this wine was grown on our 1922 est. vineyard located in the Swan Valley region of Western Australia. Chenin grapes have a proud history in the region and we continue to produce this style of wine. The grapes were all hand picked and sorted, lightly pressed and cold settled for 48 hours before fermentation. After 18 days at cool temperature, the wine was then racked off and settled. The finished wine is allowed to settle for 3 months before filtration and clarification and eventual bottling.

TASTING NOTES

A lovely expression of Chenin showing slight apple crunch and subtle spicy tones. Wonderful complex flavours on the palate and great texture gives this wine plenty. Tight, green apple acid structure balances up the wine and ensures fantastic cellaring potential. Look for 5 years plus cellaring to develop toasty, lemony bottle aged characters that this variety is renowned for. Great to pair with smoked bacon dishes, cheeses or richer seafoods.
